

“All About God”

Lyrics and Music by Cindy D. Martin

**We go to church every Sunday
We even go to Sunday School
Sometimes I get to go when Mom and Dad teach Youth Group
I didn't know anything different
I thought everybody must be Methodist
But one day I found out there's lots of other church services**

**Some have a pool, right behind the pulpit
Some for communion, use real wine
Some have great, big, beautiful, heavenly choirs
Some have attendance of only 8 or 9
Some have a preacher you could listen to all day (like mine)**

**Some have a preacher who puts you to sleep
But it doesn't really matter what you have or you have NOT
As long as it's...all about God**

**There sure are lots of different kinds of people
Who like variety THUS all the churches
We've all gotta find one that has a method
For our own kind of, unique madness
Mom said she found it, it just happens to be Methodist
She likes the open hearts, minds, doors policy 'cause God loves EVERYBODY**

**Some have a pool, right behind the pulpit
Some for communion, use real wine
Some have great, big, beautiful, heavenly choirs
Some have attendance of only 8 or 9
Some have a preacher you could listen to all day (like mine!)**

**Some have a preacher who puts you to sleep
But it doesn't really matter what you have or you have NOT
As long as it's...all about God**
